

Updated biography of Maestro Domingo Dias Porta.

The Ven Sat Arhat DOMINGO DIAS PORTA was born in Caracas, Venezuela, on March 18, 1930. He acquired his degree in Science of Education from the University of Los Andes, Mérida, Venezuela (1965). In addition, he studied Sociology, Anthropology and Economics at the UCV, Caracas (1952-1953).

His first 15 years were lived in Maracay, in the center of the country, where he studied primary school, and worked with crafts. Then, in Caracas, he was a clerk at the Avensa airline and at the National City Bank. He began his esoteric studies at the age of 18. In 1950 he entered the Great Universal Fraternity [G.F.U. acronym in Spanish], as a disciple of the M.S. Maestre Dr. S. R. de la Ferrière and the Elder Brother Dr. José Manuel Estrada, in Caracas. In 1955 he received his first Degree of True Initiation, and made his first tour announcing the Aquarius Era, throughout almost all of Venezuela in 1956.

The M.S. Maestre, S. R. de la Ferrière, appointed him in 1957 Director of the Department of Ashrams and the Esoteric Initiatic Service, and gave him the position of Elder of the Ashram of "El Limón" in Venezuela. Faced with a lack of resources and economic support, he worked at that time in the 'Seguro Social' in the city of La Victoria; thus, he obtained a bank loan that allowed him to make the

constructions currently standing in said Ashram, since it was in very rudimentary conditions. His first two children, Juan León and Dorys Helena, were born in the Ashram.

He has opened G.F.U and A.U.M. centers in several cities and countries. He has founded Ashrams (spiritual communities in nature) in Venezuela (Mérida and Valera), Mexico (Jalisco, Baja California and Michoacán) and Peru (in Ollantaytambo, Sacred Valley of the Incas, 1981). He led the Kumba-Mela (pilgrimage to the Andes) in 1974 and 1986.

Until receiving the degree of GURU, following the Traditional Initiatic Discipline, he combined his dedication to the G.F.U. with family and professional work, working as an accountant at the National Laboratory of Forest Products, as translator at the Faculty of Economics, and professor of Educational Psychology at the Faculty of Humanities, Universidad de Los Andes, Merida (1965-1971).

He was president of the III World Conference for the Unity of Man, in Mexico in 1975. His career within the Order conforms to the following chronology: 1955 Getuls, 1957 Gag-Pa, 1963 Gelong, 1971 Guru; 1976 Sat Chellah; 1983, Sat. Arhat.

In 1977 he founded in Quito, Ecuador, the Movement for the American Indigenous Solar cultures ([M.A.I.S.](#)), Movement of Cultural Integration and Approach to the Traditions and Indigenous Peoples of the Continent, with study centers in several countries of America. And in 1987, in Spain, he founded T.R. I.G.O. [acronym for wheat in Spanish], the Initiatic Traditions of the Great West, equivalent to M.A.I.S., for Europe, at the request of people willing to participate, and having established relations with the descendants of the Druids, Alchemists, and other representatives of those sacred Traditions.

In 1998 he founded (A.U.M.) [an acronym in Spanish for] "Action for World Unity", an International Cultural Integration Movement to promote a culture of peace through dialogue, personal transformation, the exchange of knowledge, and the joint participation of various cultural and spiritual groups of diverse nature, with activities and programs of impersonal rapprochement and service. This in view of the fact that the G.F.U. has been diverted from its original purposes as stated by the Maestre Dr. S. R. de la Ferrière, and through which A.U.M. will try to preserve and realize them.

He has accomplished cultural and spiritual tours and activities in almost every country in the Americas from 1961 to 2019. And in ten European countries (including the former Soviet Union), Israel and Morocco during 1975, 1976 and 2005, taking the Initiatic Teaching and G.F.U. for the first time to Europe in 1975.

In the year 2000, he established the (S.O.S.C.I.) and acronym in Spanish for the Sovereign Solar Order of Chichen Itza, and since 1977 has received and shared the Ancestral Wisdom of Amerikua, the Ancestral and perennial America. To this end, he has visited and lived with the indigenous communities and their Guardians and Heirs of Traditional Culture, throughout Amerikua, from Chile to Canada, since 1977 to date.

Currently as Counselor of A.U.M. and Superior of the Order (S.O.S.C.I), he has the Mission of restoring the Initiatic College to the level of the Aerosomic Scale, Major Initiation, Ascending Path, as a continuation of the Somatic Scale, Minor Initiation, Horizontal Path (publicly opened at the beginning of the Age of the Celestial Water bearer, Aquarius, in 1948 by the M.S. Maestre Dr. S.R. de la Ferrière, Universal Messenger of the New Age).

Married since 1957, with adult children, grandchildren, and great-grandchildren, he resides with his wife in Mérida, Los Andes, Venezuela since 2010, after having lived 33 years in Mexico and 3 years in Peru and made cultural and spiritual tours within the aspect of Solar Initiation since 1961 in America and Europe.

At 91 years of age, he is in Retreat, with the practices corresponding to that state, away from all public activity and groups. He only attends to the most advanced disciples within the Order, as well as his family (sons and brothers) and members and friends in the city. His aspiration is to achieve full liberation from

the chain of reincarnations tied to karma, to recover the original state of the human being. His wife, María Guadalupe, is his integral support that gives him love, strength and dedication, within a marriage that is truly initiatic, sacred, spiritual, and human at the same time.

In his prayers and meditations, he sends waves of peace and solidarity to Humanity, and makes vows for the travelers of the multiple spiritual and religious paths, so that they may achieve their ideals and desires, without allowing themselves to be trapped by the world of appearances, illusions and passing pleasures, towards the realization of the supreme state of ecstasy and permanent happiness. He lives in full communion with the great Masters and Spiritual Guides of Humanity, with their Illuminators: Maestre S.R. de la Ferrière and Maestre J.M. Estrada. He preserves the memory and gratitude to his parents, Domingo Días Moreno, and Laura Porta Velázquez de Días, whom he blesses and from whom he receives their blessings every day. When he goes to bed, he falls asleep muttering the prayer bequeathed to us by the Lord Jesus Christ: the Our Father in its deepest sense, and the Universal Prayer that our M.S. Maestre de la Ferrière inherited us. Thus he elevates his soul to other realities while the body recovers from the daily tasks. At dawn he wakes up raising his prayers for the peace and good of all beings. During the day he remains active, with the dynamism that has characterized him throughout his life.
