**ON THE OCCASION OF THE DAY OF THE GURU ON MAY 1st, UNDER THE SIGN OF
TAURUS RULED BY VENUS**

Dear Members and Supporters of our Sovereign and Solar Order, PASH... IN LAK'EH...

We celebrate on this date the Instructors who throughout the Earth have kept alive the Flame of sacred wisdom that governs our destinies. It is the initiatic date of the 4th Degree or Dignity, of the seven that during the year, each of the 7 Degrees, that in our Lineage represent seven steps that lead us step by step, gradually, to the Summit of the Spirit, to the full Realization of our spiritual essence, of our Mission; it is the culmination of our destiny.

This has been established by our Maestre, Dr. Serge Raynaud de la Ferrière on behalf of the Assembly of Sages, who incognito watch over the spiritual ascent of Humanity and its peoples, nations, and families, and protects it from greater evils caused by the painful collective karma caused by ignorance of the universal and natural laws that govern us.

In the symbol of the Great Arcane (symbolic graphic of the stages of Initiation) that can be seen in "The Great Messages" (chapter 'The Great Arcane'), we see that the 4th Degree is located in the middle line, called the Throne of Justice; it is where the Adept can escape the usual influences, which is the shaded lower half (the material world, the microcosm), and he can proceed to the above, luminous area (the macrocosm, which represents the three upper Degrees). There, a cross is formed with the horizontal line and the vertical sword, which is the will, tempered by the discipline of life (see the book Exodus, in the Old Testament). It is also where the two lines of the Cross of Saint Andrew intersect, which is an X: gold, crucible, and time, the triple unknown of the Great Work. The two snakes also intersect at that central point of the Great Arcane: solve et coagula, dissemination and condensation, pínkala-ida: analysis-intuition. It corresponds to the keyword DARE, the sign of Leo, the 4th chakra, and its planet Venus.

The mechanism of the Great Arcane is extremely esoteric; few understand the mysteries it holds. But there lie the keys for those who have really reached the state of consciousness, of spiritual maturity, proper to that Degree or Dignity. So far, the Candidate has worked with the material plane, with the opposition of the materialistic attractiveness that refuses to be defeated. He must now escape the usual influences to penetrate the higher planes through two ways: intuitive and reasoned. His contact with cosmic harmony indicates that the Initiate has become a true Master; united to the cosmic forces, to the Universe, he achieves the mastery of the elements. With these keys of the Great Arcane, the Candidate can transcend the last remains of attachments to the world of sensations, desires and attachments, through alchemical work with the 5th Essence...

The Initiatic festival of May 1st, occurs under the zodiac sign of Taurus, to Want (the firm and sustained Will), with the regency of Venus, the planet of art, beauty, feelings, where the Moon is exalted, the luminary of intuition, imagination, dreams. All this gives indications to the Walker at that stage of his pilgrimage. This year with the addition of the presence of Uranus, the regent of Aquarius, contributing its revolutionary energy of great transformations, of scientific knowledge, of the alchemical Yoga. In addition, the Sun is approaching the conjunction with Uranus (which happens every year in different signs, this time for 7 years that conjunction has been occurring in Taurus).

All these energies added together contribute to an intensive work to illuminate Anahata, which a Guru must keep lit, pure (symbol: the Heart of Jesus, with Fire and a Crown of thorns, but

his smiling face radiating love to all beings). However, he still has a long way to go in his ascent through the three higher levels of spiritual consciousness. He is halfway there, exposed to the rigors of the trials caused by his karmic residues, his struggle is permanent, as depicted in the mystical poem of the Bhagavat Gita.

We already have in our Order four candidates for that Degree, who have been struggling dauntlessly to transcend themselves, to get out of "I am like this" to "I am the Self". Although they will not receive the exaltation to the Degree this May 1st, they can already consider themselves promoted to that zone of the Great Arcane, preparing for when they are Called in the course of this year 75 of the Era. They must come with a lightened internal 'baggage', with an elevated mind, a purified heart, a healthy body. Thus, they may be worthy exponents of the Initiatic Wisdom and educators in the great work of Reeducation of Humanity, which the Maestre Avatar bequeathed to us as a Goal to be fulfilled progressively; he asks us not to use the word 'Master' but Instructor, to avoid confusion. The Guru in our Lineage is a teacher before the peoples, but on the Path he remains a disciple, and thus he must feel and act, giving examples of humility, simplicity, obedience, service, joy of being admitted to the sacred path, with discipline.

A moment of meditation, and prayer this day, to harmonize ourselves with the Great Beings who watch over Humanity, and with the Divinity that governs through its Laws the life of all worlds and their inhabitants. Honor and Glory to the Supreme Being, the omnipresent Cosmic Consciousness.

A fraternal embrace to all the Walkers, disciples, and friends, celebrating together this joy of seeing that the Instructors of peoples and beings are already traveling the paths of the world, after two thousand years of silence. United in prayer for peace on Earth and in the hearts of all beings, at 10 a.m. local time on the 1st.

Walkers, there is a Path. As we walk, we discover it, covered by the undergrowth of centuries of ignorance. The traces of the ancient Walkers, you cannot erase them with the dust of time and oblivion. To see, concentrated, pointing to the target, teaches Sagittarius. Tame your wild foal, obey the reins of the brave rider, which is you, aspirant to the Kingdom of Heaven...

PASH.... AL LAK'EN...

Your Brother in Service, T.A-O Domingo Días Porta

PS. I have put the sacred symbol of the White Buffalo Woman in this message, as a call to return to the sacred traditions and the traditional peoples who preserve and live them, in Amerikua, the Ancestral America (not Hispanic, or Latin, or Saxon), after a long time of hearing, reading, and seeing about traditions and beliefs of other lands. It is time to meet again, to recover from mental colonialism, from the beliefs and customs of others, which are imposed, that have not contributed to the well-being and happiness of peoples. To apply the scientific spirit to the art of living, of knowing, of true peace.

Letter from M.S. Maestre SRF from India, at 28° of the Crab, Year III of Aquarius (quoted in "The Maestre, His Thought and his Work. Chronobiography", by Bro. Dr. Arturo Alvarez Bravo, pp. 342 to 358, I take this quote:

*"... We must **KNOW** that Message # 1 gives the beginning of the Aquarian idea; it is the basic element that everyone must study, for there, is the answer to the New Movement, the evolutionary explanation of electro-magnetism. **TO WANT** is the symbol of Message II, where the initiatic need is seen, and its explanation with an elementary view of our work. **To DARE** is Message #3, which gives light to the occult points; here are the most important keys, which were never given to the public. It is a call to those who 'Know'... ! From this reading, the Instructors should emerge... The Mystery is revealed...! **To SILENCE**, is the cry of Message # 4, in which Morality is mixed with Kabbalah, to give change to those who want to understand. A magnificent introduction for those*

who know the Order and its Regent. Science and Religion are discussed in the way the disciples should present it, a quick citation of the points to know. To be silent does not mean to be 'mute', but to speak at the right time...

The 4 symbolic words summarize the messages that must be disseminated to the entire world.

Without knowing that, how can students be asked about the knowledge of our Mission; it is foolish to teach one hour a week and pretend to make Initiates in a few years in this way. It would take a centenarian...! Sincerity, please.

Before you teach others, do something very difficult: straighten yourself out...
